

## Request to Review Math Placement

Date:	
Student First & Last Name:	
Current Grade:	Current School:
Reason for review request:	
Name of Parent(s)/Guardian(s):	
Email:	
Phone Number:	

Requests to review math placement should be submitted to the site administrator. This option is available for 9th grade students only.

After submitting this form, a placement review team will review the student's assessment results and academic performance. When available, the student's current year CAASPP score in math, as well as a meeting w/the school team will also be part of the decision. Parents will be notified of the results of the math placement review request within two weeks from when the request is made.

***All requests for review of placement are due within 10 school days of receiving student's math placement.***
