Fremont Unified School District is committed to providing high quality education to all Fremont residents. In order to ensure that all FUSD students can attend the school closest to their place of residence, FUSD is tightening the proof of residency process.

We have been and will continue to closely examine all forms of residency verification. When needed, an investigation will be conducted to guarantee the authenticity of student residency.

If you believe someone is falsifying his or her residency, please call the ANONYMOUS Residency Reporting Tip Line

When using the Anonymous Residency Reporting Tip Line, be sure to speak slowly and clearly. All serious reports will be investigated, but no calls will be returned. Please provide as much information as you can, such as:

- Name of Student/Parent
- Student's grade level
- School Student is attending
- District address student is currently using
- Family or student who actually resides at this District address
- Student's out-of-district home address, or District or city within which student resides
- Student's out-of-district home phone number
- How you learned of student's non-district address.
- Any other information you feel would be helpful to our investigators

Remember: The information can be provided anonymously. This information will not be shared with the student or parent in question. This information does, however, help our investigators in determining the validity of the student's address.

Thank you for supporting the Fremont Unified School District's residency efforts.
