

Introducing Basic Trauma Care

Fremont USD nurses, in collaboration with the Fremont Police Department, will offer a Basic Trauma Care course which will teach participants to recognize and treat some of the more common injuries sustained in Mass Casualty Incidents (MCIs).

- ◆ **Classes will be offered 2x a month**
- ◆ **No cost to District staff**
- ◆ **Registration through [Risk Management webpage](#)**

Participants will:

- ▶ Be familiarized with triage during MCIs and what actions first responders (police, firefighters, and ambulance personnel) will likely take.
- ▶ Receive hands on training and practical application of the techniques such as how to apply tourniquets, occlusive dressings and wound packing.
